SEEKING INFORMATION

About Payments From Cuban Funds For Promoting Reciprocity.

ROOT ASSUMES RESPONSIBILITY.

Secretary of War Claims He is Prepared to Furnish Proofs That Payments Were Dictated by Wisest Statesmanship.

Washington, June 17. — Secretary Root has assumed full responsibility for the payment of money to General Gomez by General Wood, during the American occupation of Cuba, and if congress asks for an explanation of the matter, he stands prepared to furnish what he regards as the most convincing proofs that the payments were dictated by the wisest statesmanship.

Washington, June 17. — To furnish more time for consideration of the isthmian canal project, the senate session began at 11 o'clock.

At the conclusion of the routine business, Mr. Teller (Colo.) offered the following resolution:

"Whereas, it seems impracticable to prepare during this session of congress an itemized statement showing the collection and disbursement of all funds for the whole period of the military occupation of Cuba; and,

"Whereas, it is important that a statement be now made of the accounts hereafter named; therefore, be it

"Resolved, That the secretary of war be, and he is, hereby directed to send to the senate the following:

"A full itemized statement of all payments made out of Cuban funds to any person or persons, if any, for the purpose of promoting 'reciprocity' between the United States and Cuba, at any time during the military occupation of Cuba by the United States, and whether such payments were authorized or approved by the secretary of war."

Mr. Kean (N. J.) objected to immediate consideration of the resolution and it went over.

ANOTHER PLAN.

President Roosevelt May Negotiate a Treaty With Cuba.

Washington, June 17. — President Palma of Cuba has indicated to President Roosevelt his conviction that the rebate proposition relative to Cuban sugar would be not only objectionable in itself, but would be extensively expensive and almost impossible to carry out in the distribution.

Should it become apparent that there is no possibility of an agreement between the senate and house, upon the pending reciprocity propositions, then the president probably will endeavor to simplify the problem by dropping the house out of the calculation and negotiating a treaty directly with President Palma.

It is true such a treaty would require the approval of two-thirds of the senate, but it is believed that under the changed conditions this would not be impossible of attainment. At any rate, the situation would be clarified by the omission of the house from the calculation and hence it is that the project is being considered.

Kidnaped Child Recovered.

New York, June 17.—Abe Lowenstein, Jr., four years old, who was kidnaped from his home in Newark on May 24 by a "woman in black," has been restored to his parents. More than 5,000 persons shouted themselves hoarse. Then the father, clasping the child in his arms, was placed at the head of a great procession which marched to the Lowenstein home. Abe disappeared while viewing a circus parade in company with his brother. The later said a young woman dressed in black had taken Abe in her arms and held him above the crowd to see the parade. A few minutes later the woman and child disappeared. No trace of the boy was found until a few days ago when a lad answering his description was found in the streets of Paterson and was sent to the alms house. His identification ensued.

Coghlan Selected.

Washington, June 17. — Secretary Moody sent an instruction to Admiral Coghlan, who is on board his flagship, the Brooklyn, at the New York navy yard to report in Washington. The admiral has been selected in connection with the removal of the remains of the late Lord Pauncefoot. Admiral Coghlan will accompany the remains to England.

Young Corbett's Decision.

Washington, June 17. — Young Corbett has announced that he will not fight McGovern in August, as planned. The champion demands that the fight take place some time in October.

MADE PERMANENT.

Mr. Berger's Objection to Retiring Preferred Stock Sustained.

Newark, N. J., June 17.—Vice Chancellor Emery gave an oral opinion, making a temporary injunction secured a week ago by Miriam Berger of Sullivan county, N. Y., permanent. The injunction restrains the United States Steel corporation from retiring \$200,000,000 of preferred stock and issuing \$250,000,000 in bonds instead. R. V. Lindabury, counsel for the United States steel corporation, gave notice of appeal.

It was agreed by counsel for both sides that the form of order for the appeal would be submitted to the court later. In his opinion, the vice chancellor held that the retirement of preferred stock constituted a preferential reduction of the corporation's capital among those assenting to the plan and a corresponding impairment of the right of those not assenting. According to the vice chancellor's decision, preferred stockholders have vested property rights which can not be impaired by a board of directors without the consent of the holders of preferred shares.

Senator Hanna's Daughter Weds.

Cleveland, June 17. — The marriage of Miss Mabel Hanna, eldest daughter of Senator and Mrs. M. A. Hanna, to Harry Parsons of this city took place at the Hanna residence on Lake avenue. Bishop Leonard of the Episcopal church performed the ceremony. Only the closest friends of the Hanna and Parsons families were present. The ceremony took place before an altar erected beneath a canopy of rambler rose and smilax. The bride entered the large parlor on the arm of her father. She was attended by her sister, Miss Ruth Hanna, and Miss Lucia McCurdy, her cousin. The bridegroom was attended by George T. Tillman of New York. Bishop Leonard used the full Episcopal service. The bride's gown was of white satin en train, trimmed with old lace and orange blossoms. A tulle veil was held in place by a coronet of orange blossoms. The bride carried lilies of the valley.

The Spiritual Trust.

New York, June 17. — Dr. MacArthur, preaching in the Calvary Baptist church, has declared the ushering in of the millennium. He predicted federation in the near future of all the nations on the basis of the golden rule and with this country and Great Britain as the dominant factors. "These are days," he said, "of gigantic enterprises, of large mergers and of world-wide undertakings. Many great trusts, doubtless are mercenary, but there may be a 'selfless' altruistic and spiritual trust. There may be an imperialism of love. God is raising up a love trust to offset the 'self trusts.' On the basis of the golden rule, a federation of the whole world will one day be accomplished."

Was It Disbrow?

New York, June 17.—Thomas Disbrow of Richmond Hill, L. I., father of Louis Disbrow, who disappeared shortly after Miss Sarah Lawrence and Clarence Foster were reported missing from Good Ground, L. I., was asked whether he thought it was his son that jumped from the Brooklyn bridge. Mr. Disbrow said that the description given of the man who committed suicide answered in some respects to that of his son, but that he knows of no reason why he should have desired to end his life. It was possible, he thought, that his son's mind had been unbalanced on account of the notoriety brought upon him in his connection with the tragedy at Good Ground.

Pressmen Meet.

Baltimore, June 17.—The fourteenth annual convention of the International Pressmen and Assistants' Union of North America assembled in this city. The convention will continue to hold daily sessions until Friday. There are more than 200 delegates from every state in the Union and Canada. Many important questions will come before the convention, including one to grant autonomy and a separate national organization to the press feeders' assistants.

Cars Operated.

Pawtucket, R. I., June 17.—Streetcars were operated on all the local lines, including those in Central Falls, without show of molestation for the reason that troops were spread out over a large area. Quiet seemed to have been restored in all the turbulent districts.

Alarming Reports Denied.

London, June 17.—When questioned regarding the alarmist reports circulated about the health of King Edward, his majesty's private secretary, Sir Francis Knollys, said: "The best answer I can give is that the king is going to Windsor."

STARTS FOR WINDSOR.

King Edward Is Able to Travel, Notwithstanding His Illness.

DID NOT ATTEND GRAND REVIEW.

Owing to the Rain, the King Who Who Had Not Entirely Recovered From Attack of Lumbago, Remained in Doors.

Aldershot, England, June 17.—King Edward and Queen Alexandra started for Windsor at 4:15 p. m. in a motor car. The king showed little trace of his recent illness.

Review of Troops Spoiled.

Aldershot, England, June 17.—The indisposition of King Edward and the incessant downpour of rain combined to effectually spoil the grand review of troops here. The king did not leave the royal pavilion, and was represented by the Prince of Wales, who rode to the saluting point, accompanied by the Duke of Connaught and a brilliant staff, comprising several Indian princes, the military attaches, Lord Roberts, the commander-in-chief, and the headquarters staff. Queen Alexandra drove to the parade ground in a closed carriage, with the Princess of Wales and the Princess Victoria. In other carriages at the saluting point were the Duchess of Connaught and many of the notabilities who are visiting England. More than 32,000 rain-soaked troops marched past the heir to the throne.

The King's Condition.

London, June 17. — King Edward was attacked by lumbago, following a chill contracted while reviewing the troops at Aldershot, but passed a good night. Rain is falling, however, so he will not risk attending the grand review. The Prince of Wales received the salute in the king's stead.

LIKE THE WIND.

Fast Schedule Between New York and Chicago Maintained.

Chicago, June 17.—New York to Chicago in 19 hours and 57 minutes, that is the record time made by the new fast trains put in service by the Pennsylvania and Lake Shore railroads. The 20-hour schedule over both, was more than equalled. The train of the former road that left New York at 1:55 p. m., arrived here three minutes ahead of time at 8:52 a. m. The Lake Shore train made exactly the same time, arriving three minutes ahead of the schedule, at 9:42 a. m. The train averaged 49 miles an hour for the entire trip of 980 miles.

The running of these 20-hour trains by the Pennsylvania and New York Central inaugurates the fastest regular service ever attempted between Chicago and New York.

The Philippine Bill.

Washington, June 17.—At the opening of the session of the house, Mr. Cooper (Wis.) asked unanimous consent for the consideration of a resolution to make the Philippine civil government bill a special order from June 19 to June 26, inclusive. The resolution provided for five days of general debate. Mr. Richardson, the minority leader, asked if the effect of the rule would not be to cut off all except committee amendments. Mr. Cooper denied this, and said it was the intention of the committee to allow the widest time in amendments. There was no objection and the resolution was adopted.

Routine Business.

Detroit, June 17.—According to President John F. Tobin, nothing but routine business is before convention of the International Association of Boot and Shoe Workers, which began here. Delegates from all the principal cities of the country where shoes are manufactured are in attendance. The Canadian workers were also represented by delegates. For the first time in the history of the association there are six women delegates sitting in the convention.

Colored Prisoner Shot.

Baltimore, June 17.—At Warwick, Cecil county, Marion C. Brown, colored, aged 26, was shot and fatally wounded by Constable Horace M. Eaton. Brown was charged with assault, and while the officer was on the way with the prisoner to an office of justice a crowd of colored people surrounded them and threatened to rescue the prisoner. Constable Eaton drew his revolver and fired with fatal effect.

Death of Robert J. Vance.

New Britain, Conn., June 17.—Robert J. Vance, former congressman and editor of the New Britain Herald, died at Monterat, N. C. He had been in poor health for many months.

FIVE TRAINMEN KILLED.

Disastrous Wreck in Central Vermont Caused by a Washout.

Barre, Vt., June 17.—In addition to property damage caused by a cloud-burst over this section, five railroad men lost their lives by a freight train on the Central Vermont railroad running into a washout at Middlesex. The Winooski river rose to spring freshet heights and several bridges were washed away.

The dead include the conductor, engineer and fireman and two brakemen. The train consisted of a locomotive and 12 cars. Passing through Middlesex, it was running at a fair rate of speed, when it struck a ditch washed out by a torrent of water. The locomotive leaped into the ditch and the freight cars piled upon top of it. The trainmen were buried under the ruins.

The railroad bridge at Bolton was destroyed, and a sawmill, together with the house adjoining, were demolished in the town of Middlesex. One hundred thousand feet of logs were carried away.

Laid on the Table.

Washington, June 17.—In the house Mr. Gillett (Mass.), chairman of the committee on the civil service, from that committee reported back the resolution calling upon the secretary of war for the reasons for the dismissal from her position in the classified service of the war department of Rebecca J. Taylor, and moved that the resolution be laid upon the table. Upon that motion, Mr. Shellengerger (Neb.) demanded the yeas and nays and the roll was called. Mr. Gillett's motion prevailed, 109 to 84. Mr. McCleary (Minn.), Mr. Bromwell (O.) and Mr. Mirenat (Wis.) voted with the Democrats against the motion. The case has excited some attention because Miss Taylor was dismissed for writing a letter appearing in a Washington newspaper, headed "The Flag Shall Stay Put," and criticising the president's attitude in reference to the Philippines.

Illinois Democrats.

Springfield, Ills., June 17.—Although less than half of the delegates and a majority of the party leaders have arrived to take part in the Democratic state convention, every indication is toward one of the most conservative Democratic conventions held in this state in recent years. When more delegates had arrived symptoms of a fight in the committee on resolutions began to appear. Quite a number of the late arrivals declared themselves as opposed to omitting all reference to the Kansas City platform, and they are determined that it shall not be done until they have been voted down in the committee meeting. No effort will be made in behalf of silver.

All Plants Affected.

Pittsburg, June 17.—The strike of iron molders and pullers-out in the molding department of the Crucible Steel company of America is extending, and all the plants in the Pittsburg district with the exception of the House, Brown & Company works are affected. The present trouble is confined to the melting department, and an effort is made to induce the other workmen to join the strikers in a general demand for an increase in wages.

Death of Mrs. Estee.

New York, June 17. — Mrs. Sarah Estee, former wife of Morris M. Estee, twice candidate for governor of California, and now federal judge in Hawaii, has been found dead in her boarding house in Brooklyn where she has made her home during the past 10 years. Mrs. Estee was before her marriage to Judge Estee, Miss Sarah Phillips, a leading society girl of Memphis, Tenn.

Shot by His Son.

Benton Harbor, Mich., June 17.—William Fikesall was shot and fatally wounded by his son, John, at Berrien Springs. The father had quarreled with his family and been warned not to enter the house. He came home and gained admittance by knocking the door down. His son, John, then opened fire on him, shooting his father four times. He can not recover.

Badgers Arrive.

Poughkeepsie, N. Y., June 17.—The chief interest in the work of the college crews centered in Wisconsin and Georgetown representatives, as they are the latest arrivals. The reports that have come east concerning the Badgers were so flattering that there has been all along a strong feeling here that their chances of winning the varsity race this year are better than ever before.

Struck by Tidal Wave.

Bombay, June 17.—A bad cyclone, accompanied by a tidal wave, has swept over Kurrachee, the principal seaport town of the province of Sindh.

STORIES DON'T AGREE.

Different Versions of General Shooting Affray Near Duryea.

BRINGING OUT OF FIRE BOSSES.

The Union is Said to Have Been Disappointed Because More Men Did Not Quit Their Posts.

Wilkesbarre, Pa., June 17.—As far as can be learned, the effort of the strikers to bring out the fire bosses and other bosses was not as great a success as was expected by the union. Information as to the number that refused to work is difficult to be had, but it is generally believed the number is not great. The miners' leaders say that at least half of the fire bosses promised to stop work.

In the absence of reports they say they can not at this time give figures. Jasper Clark of Toledo, the president of the Team Drivers' association, came here and saw President Mitchell. He said his union is in entire sympathy with the miners, and will do everything possible to help them. If it were necessary to call out his men to help the miners he felt sure they would respond.

There was a general shooting affray near the William A. colliery of the Lehigh Valley Coal company, at Duryea, shortly after midnight, in which no one was hurt. There are conflicting reports as to the nature of the trouble. Residents of the neighborhood said several coal and iron police left the colliery after midnight and were attacked by a number of men, who were lying in wait. They managed to board a car for Pittston. It is said, without being injured. All this was denied at the office of the Lehigh Valley company. The officials of the company said a number of Italians were having a celebration, and that they began firing revolvers in the air. They were not near the colliery. Four coal and iron police of the company were seen at the office. They said they came into the city to visit their families and get clothes. They deny that they were attacked.

The Bosses Quit.

Scranton, Pa., June 17.—Nearly 100 fire bosses in the mines in the Lackawanna region refused to make the usual inspection in compliance with the order from strikers' headquarters asking them to quit and thus assist the strikers in winning their fight. This is claimed to be more than half the force of these workmen in this region and the result cannot otherwise than disastrous to the mining property because of the accumulation of gas. There is also danger of explosions which only the greatest precautions can provide against. Those fire bosses who did not quit are confidently expected to do so soon. The companies will find it impossible to fill the places of the men as it requires much experience in this work. Robinson, the Delaware and Hudson deputy who was shot through the right lung at Oliphant late Saturday night by some unknown person alleged to be a striker, is still alive with the chances against him. The company has offered \$1,000 reward for the arrest and conviction of his assailant.

Conflict Expected.

Bramwell, W. Va., June 17.—Several hundred more strikers returned to work in the Flat Top and Tug River coal fields, probably half the number who struck a week ago having returned to work. The remainder now out are becoming desperate. Probably 100 of the strikers, heavily armed left Simmons, where there are three collieries and started to march to Pecohontas. They allege that they will stop all work there. Many believe that troops will soon be necessary in the field as serious trouble is predicted.

Married a Comtesse.

London, June 17.—Rutherford Stuyvesant of New York, a brother of Mrs. Henry White, wife of the secretary of the United States embassy here, and the Comtesse de Wessenaer were married. The ceremony occurred at St. George's chapel, Albemarle street. United States Ambassador and Mrs. Choate and members of the embassy staff and their wives, besides several of the bride's relatives, attended. The bride is the widow of a Dutch count.

Block Island, R. I., June 17.—The steamer Federica from Palermo, bound for New York and Philadelphia with a cargo of lemons and nuts ran ashore on the southeast part of this island in a dense fog. She lies in a bad position on the rocks.

Neeley and Rathbone will have the consolation at any rate that they shall not be regarded by their neighbors as "fugitives from justice."

The recent escapades of Rathbone and Neeley at Havana will not have the effect of making the gentlemen lose caste in Ohio and Indiana, we suppose.

Four millionaires have lined up for the United States Senatorship in the Republican ranks of West Virginia as follows: Scott, Caldwell, Schunbach and Goff.

The steel trust, in order to raise money, will retire \$200,000,000 of stock and issue \$250,000,000 in bonds. The stock draws 7 per cent., and the bonds will draw only five, so the exchange will save money. The Morgan syndicate, which markets the new issue, will get 4 per cent. commission or a clear \$10,000,000. It will be a good thing for Morgan.

CHILD LABOR LAW.

The New Statute Goes Into Effect To-morrow—The Act in Full—Other Bills Become Laws.

All of the acts which passed the last Kentucky General Assembly, save those measures which contained emergency clauses or became law without the approval of Gov. Beckham, will become operative to-morrow. The most important, perhaps, of these acts is that which relates to the employment of children. This act, as approved by the Governor, is, in full, as follows:

"Be it enacted by the Commonwealth of Kentucky: First—That it shall be unlawful for a proprietor, foreman, owner or other person to employ any child less than fourteen years of age in any workshop, factory or mine in this State; that unless said proprietor, foreman or owner shall know the age of the child, it shall be his or their duty to require the parent or guardian to furnish a sworn statement of its age, and any swearing falsely to such by the parent or guardian shall be perjury and punishable as such.

Provided that if the parent or guardian and the County Judge of any county may consent in writing, for such employment, then in that event such employment may be made, subject to the approval of the County Attorney of said county, in the event of any complaint, and if he thinks, after investigation of said complaint, that it is against the best interests or moral welfare of such infant child, he may so notify said employer, and then this act applies as if no consent was given.

"Second—That any proprietor, foreman or owner employing a child less than fourteen years of age in conflict with the provisions of this act, except where such proprietor, foreman, or owner has been furnished with a sworn statement of guardian or parent that the child is more than fourteen years of age, shall be guilty of a misdemeanor, and upon conviction shall be fined not less than \$5 and not more than \$250.

"Third—That the grand jury shall have inquisitorial powers to investigate violations of this act, and that the Judges of the Circuit Courts of the State shall specially charge the grand jury at the beginning of each term of the court to investigate violations of this act."

Other acts that go into effect to-morrow are an act regulating public advertising.

An act to protect birds.

An act relating to the government of cities of the fourth class.

An act to regulate investment companies.

An act providing for the better enforcement of the local option election law.

An act fixing the penalty for fast driving.

An act making the first Monday in September, known as Labor Day, a legal holiday.

An act to make it unlawful for a person to fraudulently dispose of the property of another, and fixing the punishment on conviction.

An act that wages earned out of this State and payable out of this State shall be exempt from attachment and garnishment in all cases where the cause of action arose out of this State. It shall be the duty of garnishees in such cases to plead such exemption, unless the defendant is actually served with process.

An act relating to the requirements of insurance companies on organizing.

An act appropriating funds with which to mark Confederate graves at Perryville.

An act providing for the establishment of free libraries in cities of the third, fourth, fifth and sixth classes.

An act to prevent lynching and fixing the punishment on conviction.

An act to prevent the formation of mobs and fixing the penalty.

An act for the protection of orchards, game preserves, ginseng gardens or farms and other private premises.

An act to provide for counties licensing vehicles that carry passengers or freight for pay in counties having free turnpikes.

The act relating to barbering will become effective July 1st. It is "An act to regulate the practice of barbering, the registering and licensing of persons to carry on such practice, and to insure the

better education of such practitioners and insure better sanitary conditions in barber-shops, and to prevent the spreading of disease in the State of Kentucky."

The appraisers of the estate of W. W. Worthington, deceased, have allotted property to the widow amounting to \$463.95.

Portsmouth Blade: "Mrs. Pearl Clinger was sent to Vanceburg Friday morning on her way to her relatives at Cincinnati. It is the custom to send impecunious travelers to the nearest town and Vanceburg was the nearest town in the direction she was going. Her husband was not located here, and, if Mrs. Clinger had gone to the police in the first place, instead of hunting him herself on the streets, he might not have gotten the tip which caused him to disappear."

During the term of the Court of Appeals which closed Saturday the members of the court decided 235 cases in which opinions were written. At the preceding January term 308 cases were decided, and at the April, 1901, term 288 cases were decided. To date this year the court has disposed of 541 cases, as against 551 in the same time last year. The adjournment Saturday left about 350 cases under submission for decision. This is the smallest number of submitted cases in a good many years, and the court is in a fair way to soon catch up with the docket. The adjournment of the court for the term leaves four of its seven members at liberty to prosecute campaigns for re-election to the bench, Judge Paynter being one of them.

Fillmore Dodson, a farmer living near Dexter, got too full of liquor while in town Monday, and probably imagined he was one of Buckskin Bill's cowboys. When he reached "Smoky Hollow" on his way up the hill he stopped, and pulling his gun concluded to have some "fun," amusing himself by firing his pistol promiscuously whenever any one approached. He finally forced a man and his wife to get out of their buggy and unhitch their horse, but later allowed them to resume their journey. Afterwards he tackled a colored man on a bicycle, but in the melee, the negro got the best of him, striking him with a rock, and inflicting two or three painful wounds. Sheriff Roberson heard of the scrimmage and landed Dodson in jail. He will have a hearing before Squire Grant at 2 o'clock to-day.

At Ruggles Camp Grounds,

FRIDAY, JULY 4, at 10 a. m. the following privileges will be let to the highest bidder:
 Hotel, Confectionery,
 Stable, Baggage Room
 and Barber Shop.

The board reserves the right to reject any or all bids.
 The meetings on these beautiful grounds will be held beginning July 24th, closing Aug. 4th. Bishop Walden, of Cincinnati, O., and other ministers of prominence will be present. Splendid singing in charge of a competent leader will be a feature. A splendid addition has been made to the hotel, giving ample accommodation to all. The promenade grounds have been extended, a new stable built and many other improvements made. The grounds are beautiful, and, best of all, there is an abundance of pure water.
 The meetings will be in charge of Revs. E. L. Shepard and G. R. Frunger, Presiding Elders of the Covington and Ashland districts.

MISS GORDON'S SCHOOL

For Boys and Girls Will Open in Chapel of Episcopal Church First Monday in September.

Miss Gordon announces she will open her private school for boys and girls in the chapel of the Church of the Nativity first Monday in September, 1902. The chief aim of the school shall be to instill high principles and to develop true and noble character, while the same careful drill and thorough discipline which characterized her work in the Girls' High School the past fourteen years will be adhered to. Those wishing fuller particulars may call on H. C. Sharp, State National Bank, or address Miss Gordon, 156 Maxwell street, Lexington, Ky.

The Supreme Court of Washington has recently decided that the qualified health officer of a county in times of pestilence may act without express authorization of the regularly commissioned Board of Health. "Even though it were true," says the court, "that the physician mentioned was not county health officer, but only county physician, the court does not see that it was material under the circumstances whether he was a fully qualified health officer or not." The only question was his action in the premises acquiesced in by the county authorities.

We are offering watches and diamonds at \$10 to \$15 less than our competitors. Solid silver and cut glass, the largest assortment in the city, at a sacrifice.

CLOONEY & PERRINE.

Perry Middleton and others have sold to Phoebe Paxton, of New Richmond, an undivided interest in two lots on north side of Fleming pike for \$180.

Nabisco sugar wafers—C. Houn's.

Rev. R. H. Porter has been authorized to perform the marriage ceremony.

For sun burns, freckles, pimples and black-heads use Ray's Eldeweiss Cream.

Mrs. C. T. West, after an illness of several days, is able to sit up and is steadily improving.

Mr. J. C. Pickett sold an extra team of draft horses to the Ironton fire department the past week for \$400.

Emma Fowler and husband have sold to J. W. Huddleson and wife a house and lot in Germantown for \$1,000 cash.

Miss Myra Walker, of Wedonia, will be one of the contestants in an elocutionary contest at Stanford next Friday night.

The C. and O.'s gross earnings in May were \$1,442,127, an increase of \$62,753 over the corresponding month last year.

An exquisite line of goods suitable for graduating presents. The largest and best line of goods in this city for bridal presents. MURPHY, the jeweler.

Rachel Clayton, Beryl Gaines, colored, and two or three other smallpox suspects were removed from their home in Grave alley last night and taken to the pest house.

A purse found on the Germantown pike a few days ago by Mr. Weedon Foster was restored to its owner this morning through an "ad" in the BULLETIN. It was lost by Mrs. Geo. T. Barbour.

The marriage of Miss Nannie B. Lane to Mr. Hugh Stanley Lawwill will take place to-morrow evening at 8:30 o'clock at the home of the bride's father, Mr. I. M. Lane, Rev. F. W. Harrop officiating.

River News.

The Helen M. Gould may discontinue her trips to Portsmouth and run between Manchester and Cincinnati.

For many years floating theaters have been known on the local streams, but the latest innovation in the amusement line is a floating circus. The proposed aggregation is being fitted out in Pittsburgh and will start on a tour of the Ohio Valley, opening at East Liverpool on July 4. Everything in the circus line will be shown under canvas on the river except horseback riding. The enterprise is being rostered by W. H. Hatch, of Parkersburg, W. Va., a former hotel proprietor of that city, and W. P. Newman and J. T. Hervey, Martinsville, W. Va., capitalists, are backing the scheme. The aggregation will be known as the Great American Circus and it will have a seating capacity of 2,000 persons. The company has purchased several coal barges. They are being decked over and inclosed and tents will be so raised that they can easily be lowered. To insure perfect safety the outfit is being equipped with a number of spars and four large anchors. The show barges will be 200 feet long and eighty feet wide. A steamboat will tow the outfit and the show will carry forty-six persons.

Kentucky's war claims against the United States Government, amounting to about \$900,000, will not be included in the General Deficiency bill along with the claims of Indiana, Ohio, Michigan, Illinois and Iowa. The Auditor for the War Department has approved all these claims, and the Secretary of the Treasury has also approved and sent them to the House Appropriation Committee. Had the Kentucky claims been presented to the Auditor in time for approval before work on the general deficiency bill was commenced it would have been included with other claims.

Elsewhere in to-day's issue may be found an advertisement for bids for a site for the Federal building to be erected in Maysville. The lot must be "centrally and conveniently located" and approximate 130 feet front with a depth of 150 feet. See advertisement.

CONGRESSIONAL CONVENTION.

Ninth District Democrats to Convene at Washington Opera House To-morrow to Renominate Hon. J. N. Kehoe.

Ninth district Democrats will convene at Washington Opera House to-morrow at 10 a. m. to select their standard bearer for the coming campaign. Representative Kehoe will be honored with a renomination by acclamation—an honor all acknowledge he justly merits at the hands of his party. The meeting will be in the nature of an ovation to Mr. Kehoe and an old time Democratic "love feast."

The ladies of Maysville, irrespective of political views, will have charge of the decorations at the opera house for the convention, and any person having cut flowers, plants, flags, bunting, etc., and desiring to assist the ladies in any way will please telephone Mrs. M. C. Russell. It is specially desired to have a large picture of Thos. Jefferson, if possible, to be used in the decorations of the stage.

Mr. Kehoe will arrive from Washington City on C. and O.'s No. 3 this afternoon.

Teachers' Examinations.

An examination for white teachers will be held at the High School building, Maysville, Ky., on Friday and Saturday, June 20th-21st, for State and county certificates. Applicants are requested to use legal cap paper.

O. H. P. Thomas & Co., Nos. 120 to 124 Market street, Maysville, Ky., sell Old Time Bourbon and Maysville Club Rye, direct from the distillery, by the quart, gallon or barrel; the finest in the State; guaranteed pure and as represented as to age. THE H. E. POGUE DISTILLERY CO.

PROPOSALS will be received, to be opened at 2 o'clock p. m., July 12, 1902, for the sale to the United States of a suitable site, centrally and conveniently located, for the Federal building to be erected in Maysville, Ky. A corner lot, approximately 130 by 150 feet is required. Each proposal must be accompanied by a diagram of the land, showing the widths of adjacent streets and alleys, the grades and the character of foundations obtainable, etc. Any improvements on the land must be removed by the vendor within thirty days after written notice, and the vendor shall pay all expenses connected with furnishing evidence of title and deeds of conveyance. The right to reject any proposal is reserved. Each proposal must be sealed, marked "Proposal for Federal building site at Maysville, Ky.," and mailed to the SECRETARY OF THE TREASURY (SUPERVISING ARCHITECT), Washington, D. C. H. A. TAYLOR, Assistant Secretary.

The New Spoon Feed....

Overcomes this objection, and one has only to try it to be convinced. It is an original device, and fully covered by patents, that has lately been perfected by the manufacturers of the Waterman Ideal Fountain Pen. By reference to the cuts you will notice on either side of the feed proper four shallow, spoon-shaped cells. Any overflow of ink, no matter what the cause from which it arises, flows into these pockets, which are contrived with such nicety as to hold the drops with perfect safety until they are carried off by the ordinary action of the pen. FIRM FOUNDATION.

Nothing Can Undermine it in Maysville.

People are sometimes slow to recognize true merit and they cannot be blamed, for so many in the past have been humbugged. The experience of hundreds of Maysville residents expressed publicly through newspapers and other sources, places Doan's Kidney Pills on a firm foundation.

Mrs. E. J. Thompson, of 911 East Second street, says: "Mr. Thompson procured Doan's Kidney Pills at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, and speaks in high praise of their curative powers. Entire exemption from suffering from backache is something so entirely unusual that a remedy which acts so promptly and effectively, as did Doan's Kidney Pills, is a most desirable one of which to know."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

Attention, Teachers.

Teachers who contemplate going to Lexington the 24th inst. to attend the "K. E. A." are requested to send me their names at once.

C. D. WELLS, Supt. Co. Schools.

Cincinnati Enquirer: "After attending the C. B. Ryan banquet at the St. Nicholas Hotel Saturday night a number of railroad officials proceeded to the Grand Hotel, where a sensational cutting followed, in which Dr. Chilton, the brother-in-law of Mr. Ryan, was slashed desperately across the face by Tom Garagan, Southeastern Passenger Agent of the C. and O. road. The matter was hushed up and all the hotel employees warned to say nothing about it. Dr. Chilton is a clerk in the general passenger department at its Vine street office, and lives with Mr. Ryan in Norwood."

IN MEMORIAM.

The Ladies of the New Public Library Pay Tribute to Their Late President, Miss Harriet Forman.

At a meeting of the Board of Directors of the New Public Library Monday afternoon to take action on the death of Miss Harriet Forman, the following resolutions were presented and adopted:

WHEREAS, The association is called upon to mourn the loss of its beloved and faithful President, Miss Harriet Forman.

Resolved, That we as her friends and co-workers desire to bear public testimony to her noble Christian character, and to express our high appreciation of the services she rendered in the establishment of the library, and of her untiring work for its welfare.

Resolved, That we take this occasion to express our deep sympathy with her family in the great loss they have sustained.

What a splendid type of tireless activity is the sun as the psalmist describes it issuing like "a bridegroom from his chamber and rejoicing like a strong man to run a race." Every man ought to rise in the morning refreshed by slumber and renewed by rest, eager for the struggle of the day. But how rarely this is so. Most people rise still unrefreshed, and dreading the strain of the day's labors. The cause of this is deficient vitality and behind this lies a deficient supply of pure, rich blood, and an inadequate nourishment of the body. There is nothing that will give a man strength and energy as will Dr. Pierce's Golden Medical Discovery. It does this by increasing the quantity and quality of the blood supply. This nourishes the nerves, feeds the brain, builds up enfeebled organs, and gives that sense of strength and power which makes the struggle of life a joy. The "good feeling," which follows the use of "Golden Medical Discovery" is not due to stimulation, as it contains no alcohol, whisky or other intoxicant. It does not brace up the body, but builds it up into a condition of sound health.
